Cyber Security Award

Recognising a solution to the problem of strengthening cyber security's robustness, accessibility, and cost efficiency across the maritime industry.

2021 Winner: Constellation Cyber Consultancy

www.thecyberconsultancy.com

Digital automation is the way forward for all aspects of Maritime trade. Speed of change is the current challenge. Adapting to newer technology comes with unique risks and Cyber vulnerabilities. Constellation's endeavor is to practically alert the maritime industry from potential cyber-threats and vulnerabilities. By effective innovative offerings like "continuous monitoring" of threats we mitigate risks to a large extent. Our Cyber-team possess domain area expertise of maritime risk-management, cutting edge know-how, uses efficient systems and processes including USFDA approved training to ensure overall security and compliance, in-turn helping maritime community comply with IMO 428 (98) requirements wef 1st Jan 2021.
